

Corrigendum No. VI to RFP vide Reference No. 17/JREDA/Solar PV Grid Project/2015-16

Setting up of Grid Connected Solar PV Projects of Total 1200 MW Capacity in the State of Jharkhand

Sr. No.	Reference Clause	Existing provision in RFP	Revised Provision
1.	Clause No: 5.3.9 of RFP, grid connectivity & Clause 4.3 of draft PPA Grid Interfacing and Evacuation Arrangements	Delivery of power to the point of interconnection at substation of Discom/JUSNL where the metering will be done shall be the responsibility of the Bidder at its own cost. For this the Bidder shall pay the applicable charges like transmission charges, wheeling charges, surcharge, operating charge, SLDC charges etc. at the rates to be determined by JSERC for transmission of power from its power plant to the sub-station.	The said clause(s) is amended as below: Delivery of power to the point of interconnection at substation of Discom/JUSNL where the metering will be done shall be the responsibility of the Developer. Discom being the procurer of entire Solar Power under this bidding process, the applicable transmission charges will be paid by the Discom to the Transco while other applicable charges shall be payable by the developer at the rates to be determined by JSERC from time to time. However, for Sale of solar power to third party within or outside the State and for wheeling of power generated from Solar Power projects for captive use within the State, the Transmission and Distribution charges for power generated from Solar Power Projects shall be as per wheeling charges as determined by JSERC from time to time.
2	Clause 1.1 Definitions of draft PPA Tariff	Shall have the same meaning as provided for in Article 9 of this Agreement as arrived through tariff based competitive bidding process undertaken by JREDA and shall include cost of generation, transmission/ wheeling charges, reactive power charges, taxes, duties, levies etc.;	Shall have the same meaning as provided for in Article 9 of this Agreement as arrived through tariff based competitive bidding process undertaken by JREDA
